

# THE COMPLETE RANGE

Code	Description
<b>Micro-waves volumetric radars</b>	
001 <b>MR8106</b> 	One/two-direction micro-wave volumetric radar (12 - 24 V AC - DC). - Max application height: 4 m - Detection area: • WIDE ANTENNA with field depth of 2 m and field width of 4 m • WIDE ANTENNA with field depth of 2,5 m and field width of 2 m (in the one-direction mode, it activates when approaching). - Adjustment with 001MRT001 remote control device.
001 <b>MR8107</b> 	Two-direction micro-wave volumetric radar (12 - 24 V AC - DC). - Max application height: 3 m - Detection area: • field depth of 2 m and field width of 4 m. • field depth of 2.5 m and field width of 2 m. - Manual adjustment.
<b>Accessories for: 001MR8104 - 001MR8105 - 001MR8106</b>	
001 <b>MRT001</b>	Remote control device for micro-wave volumetric radars.
<b>Accessories for: 001MR8104 - 001MR8105 - 001MR8106 - 001MR8107</b>	
001 <b>MRWPC</b>	Rain protection for micro-wave volumetric radars.
<b>Swipe sensor</b>	
001 <b>MS9502</b> 	Swipe volumetric sensor (12 - 24 V AC - DC) with micro-wave reflection. Detection field: from 0.1 to 0.5 m.
<b>Sensitive pads</b>	
001 <b>MP8030</b>	Floor sensitive pad (dimensions: 800 x 300 mm).
001 <b>MP8060</b>	Floor sensitive pad (dimensions: 800 x 600 mm).
<b>Upper hooking profile for framed leaves, with brackets for fixing the external guide casters to the floor. For the series: CORSA - RODEO - SIPARIO</b>	
001 <b>MA7371</b>	Complete equipment for two leaves up to 500 mm in width or one leaf up to 1,000 mm in width.
001 <b>MA7471</b>	Complete equipment for two leaves up to 750 mm in width or one leaf up to 1,500 mm in width.
001 <b>MA7571</b>	Complete equipment for two leaves up to 1,000 mm in width or one leaf up to 2,000 mm in width.
<b>Lower guide profile for framed leaves with floor guide inside casters. For the series: CORSA - RODEO - SIPARIO</b>	
001 <b>MA7351</b>	Complete equipment for two leaves up to 500 mm in width or one leaf up to 1,000 mm in width.
001 <b>MA7451</b>	Complete equipment for two leaves up to 750 mm in width or one leaf up to 1,500 mm in width.
001 <b>MA7551</b>	Complete equipment for two leaves up to 1,000 mm in width or one leaf up to 2,000 mm in width.

Code	Description
------	-------------

Upper hooking profile for glass-tempered leaves (thickness: 10 mm) with brackets for fixing the external guide casters to the floor. For the series: CORSA - RODEO - SIPARIO - SIPARIO T	
001 <b>MA7370</b>	Complete equipment for two leaves up to 500 mm in width or one leaf up to 1,000 mm in width.
001 <b>MA7470</b>	Complete equipment for two leaves up to 750 mm in width or one leaf up to 1,500 mm in width.
001 <b>MA7570</b>	Complete equipment for two leaves up to 1,000 mm in width or one leaf up to 2,000 mm in width.

Upper hooking profile for glass telescopic leaves (thickness: 10 mm) with brackets for fixing the external guide casters to the floor. For the series: SIPARIO T	
001 <b>MA7380</b>	Upper hook for two leaves up to 500 mm in width or one leaf up to 1,000 mm in width.
001 <b>MA7480</b>	Upper hook for two leaves up to 750 mm in width or one leaf up to 1,500 mm in width.
001 <b>MA7580</b>	Upper hook for two leaves up to 1,000 mm in width or one leaf up to 2,000 mm in width.

Lower guide profile for glass-tempered leaves (thickness: 10 mm) with floor guide inside casters. For the series: CORSA - RODEO - SIPARIO - SIPARIO T	
001 <b>MA7353</b>	Complete equipment for two leaves up to 500 mm in width or one leaf up to 1,000 mm in width.
001 <b>MA7453</b>	Complete equipment for two leaves up to 750 mm in width or one leaf up to 1,500 mm in width.
001 <b>MA7553</b>	Complete equipment for two leaves up to 1,000 mm in width or one leaf up to 2,000 mm in width.

Rubber gaskets for tempered glass of 10 mm in thickness (package of 30 m). For the series: CORSA - RODEO - SIPARIO - SIPARIO T	
001 <b>MAM601</b>	Side black gasket for fixed and moving leaves.
001 <b>MAM601T</b>	Side transparent gasket for fixed and moving leaves.
001 <b>MAM600</b>	Central back gasket for moving leaves.
001 <b>MAM600T</b>	Central transparent gasket for moving leaves.
