## SPEAKER VIDEO INTERCOM WITH 5" AND 7" TOUCH SCREEN DISPLAY

### COMPATIBLE SYSTEMS

Recess mounted

11 mm thick

Wall mounted

24 mm thick

Video intercom version

7" display

5" display

Speaker audio

XTS is the new range of video entry panel systems, available with 7 and 5-inch monitors - fully touch screen. The minimal design and quality of the materials exalt its elegance, whether you choose the white or black version. The high-resolution glass screen with "Optical bonding" technology ensures perfect viewing in all lighting conditions. Having WiFi, both in the X1 and IP versions, makes it the choice for managing the video intercom system and opening the front door from a smartphone.

### ADVANTAGES:

Full-duplex speaker audio

Full touch screen TFT display with optical bonding anti-glare technology

Intercom calls to other receivers and mobile devices

Auxiliary/porter calls functions

"Panic" key for emergency calls to the porter

Adjust/exclude ringtone (with alert LED)

Self-inserting video from entry panels

Video answering service and video recording during conversations

Local or POE power supply

### INSTALLATION

Recess mounted

Wall mounted

### DIMENSIONS

# USE YOUR OWN WIFI TO CONNECT TO XTS

YOU CAN USE THE HOME CONNECTION TO BRING THE VIDEO INTERCOM ON TO THE NETWORK, AT NO EXTRA COST.

XTS is equipped with a WiFi card and with a simple configuration it can be connected to the Internet. In this way, you can use the video door entry system remotely via your smartphone or tablet.

## ROUTER

The device, equipped with a WiFi card, can be hooked up to your own home router and take advantage of the home network to connect to the internet

## INTERNET

The internet connection, exploiting the home network, does not incur any additional costs on top of your network provider subscription.

## CAME CONNECT

It is the Cloud Technology platform that allows you to remotely manage the system guaranteeing maximum security levels. All for free.

## FOUR APP LICENSES INCLUDED\*

Each internal derivative XTS 7 includes 4 app licenses to record as many mobile devices.

## NOTE

The WiFi function is only available on XTS versions with a 7" display.

\*XTS 7 IP includes up to 19 app licenses for each device.

# VIDEOENTRY

## THE APP THAT ALLOWS YOU TO MANAGE ALL THE CAME BPT VIDEO ENTRY SYSTEMS REMOTELY

This app, available free for both iOS and Android devices, allows you to manage calls from the entry panel directly from smartphones and tablets. Once you have downloaded the app and after enabling the internal receiver to the CAME CONNECT service, just enter the user credentials (present in the appropriate menu of the terminal) to complete the association of mobile device on the XTS terminal.

### RECEIVE CALLS FROM THE ENTRY PANEL ON YOUR SMARTPHONE

When a call is made from the entry panel it is activated on the XTS and also on the smartphones connected to the receiver. In this way you can see who is at the door, answer and open.

### DISCOVER ALL THE OTHER AVAILABLE FUNCTIONS WITH THE APP

Depending on the system created, it is possible to open the connected electric locks, switch the lights on and off, display the live video of the CCTV cameras and the entrance panel, consult the answering service and call the internal XTS receiver.

**OPEN THE DOOR**

**SWITCH ON THE LIGHTS**

**DISPLAY THE ENTRY PANELS LIVE VIDEO**

**CALL HOME ON THE XTS RECEIVER**
